# LED HEAD LIGHTS

## FEATHER LIGHT

### Light Weight:

The headlights are among the smallest and most lightweight on the market, only 5 gram, allows you to practice all day in total confort.

### Pure White Light:

Features with pure white beam color provides clear vision, improves depth of field and reduce eye fatigue.

### Revolving Filter:

Each of lights comes standard with a filter that can prevent composite materials from curing.

### Long Run Time:

Efficient lithium-polymer battery runs for 11 hours on the maximum level and fully recharged in only 3 hours.

## SUPER SPOT LED HEADLIGHTS

- True white light provides brightness sharpness, shadow free on operation field
- Light weight design to keeps comfortable even during all day use
- Various mounting codes and universal clip suite to different brands loupes
