Dentbird® Solutions

Start with Dentbird AI, Not from Scratch

Smarter Crown Design Powered by AI

www.dentbird.com

Design Less, Achieve More

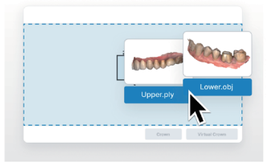

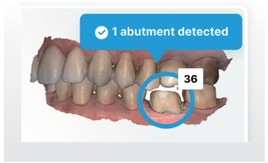

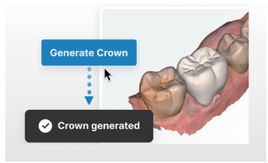

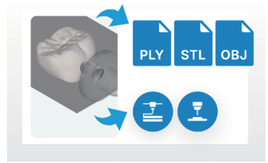

Web-based AI CAD Software

Design crowns in just a few clicks

From Scan to Crown in as few as 4 clicks

All in Your Browser, Powered by AI

Step 1	Step 2	Step 3	Step 4
			
Auto Arch & Tooth Segmentation	**Auto Margin Detection**	**AI-Powered Crown Design**	**Ready to Export File or CAM**

Powered by AI

- **Auto Margin Detection**
  94%+ acceptance rate, no manual edits required.
- **Generative AI Design**
  For Posterior, Anterior, Bridge, and In/Onlay restorations, with continuous updates.

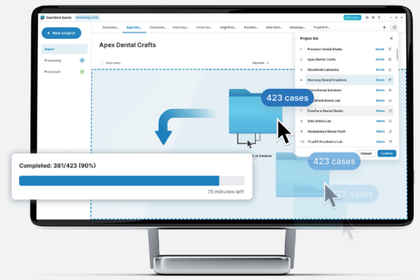

Scale Your Digital Workflow with Dentbird Solutions

Feature Highlight #1 Pro only

Batch Processing

For High-Volume Productivity

Run hundreds of cases automatically, and adjust only when needed.

Feature Highlight #2

One-Click Working Model

Created Instantly During Design

The working model is created automatically as you design — no setup, no extra cost.

Seamless Integration & Beyond

- **Smart Upload**
  No manual input required. Design instantly with automatic case recognition.
- **Direct CAM Export**
  Supports STL/OBJ/PLY and direct upload to selected CAM software.
- **Easy Case Sharing**
  Create a share link in seconds and collaborate smoothly with clients.
- **Unlimited Exports** Pro only
  No export limits. Scale freely without per-case limits or costs.
